

### Introduction

Our firm, Bare Financial Services, Inc. dba Bare Wealth Advisors (“BWA”), is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

### What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Asset Management, Comprehensive Portfolio Management, and Financial Planning & Consulting, to clients. If you open an advisory account with our firm, we’ll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we’ll recommend a portfolio of investments that is reviewed at least annually with you. Our investment committee meets monthly to review our overall portfolio and investment strategies. If necessary, we will rebalance your accounts to meet your changing needs and goals. We will offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We typically manage account(s) on a discretionary basis but upon your request, we would agree to manage your account(s) on a non-discretionary basis, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, determine which securities are bought and sold, and the total amount to be bought and sold. Should you grant us non-discretionary authority, we would be required to obtain your permission prior to effecting securities transactions. Limitations may be imposed by you in the form of specific constraints on any of these areas of discretion with our written acknowledgement.

We do not restrict our advice to limited types of products or investments. Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management service for no additional fee. Financial Planning & Consulting is also offered as a separate service for a flat fee. We do not monitor your investments for the Financial Planning & Consulting service.

Our financial advisors are also registered representatives with Securities America, Inc., a securities broker-dealer registered with the SEC and a member of the Financial Industry Regulatory Authority (“FINRA”). While our financial advisors do not sell securities any longer, this registration allows BWA and our advisors to service securities products previously sold, such as variable annuities, and to receive commissions from such sales.

*Additional information about our advisory services is in Items 4 & 7 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/328043>. Additional information on Securities America, Inc. is available on their Form CRS, which is provided to all BWA retail clients.*

### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

### What fees will I pay?

You will be charged an ongoing annual fee applied quarterly based on the value of the assets in your account. Our maximum Comprehensive Portfolio Management and Asset Management annual fee is 1.50%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm’s fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Our maximum flat fee is \$30,000 for our Financial Planning & Consulting service. We charge an upfront retainer when you sign an agreement for this service or charge you when we provide a financial plan or consultation.

The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian’s transaction fees are in addition to our firm’s fees for our Asset Management and Comprehensive Portfolio Management services.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, and exchange traded funds, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as “surrender charges” to sell certain illiquid securities.

In certain cases, we select third party money managers, sub-advisers, and/or separate account managers to assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV and/or agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/328043>.*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

Our firm also operates as a state licensed insurance agency. You may be solicited to use the services of this firm and our representatives will receive commissions as a result of these transactions. A conflict of interest exists as these commissionable sales create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, our firm will act in the client’s best interest and explain the conflict of interest.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/328043>.*

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client’s needs. In addition, they are compensated based on the type of fixed and insurance products sold and/or product sales commissions.
